Dear Commissioners:

It has come to our attention that an application by Environmental Utilities will come before your next Commission meeting in April that would possibly effect our property at Hideaway Bay Beach Club (HBBC), Little Gasparilla Island, 9400 Little Gasparilla Road, Placida, Florida. We strongly request that you delay or deny that request. It was our understanding that our Condo Association, (HBBC) was not given proper notice of the significant change that would bring the wastewater transmission line onto our HBBC property. This could result in a property easement that would drastically effect our existing roads and our existing drain field and septic plant. We also depend on a barge landing that would be effected by such an easement. A letter from our association attorney, Nick Porter, dated February 28, 2025, expressed our opposition to the application.

Thank you for your consideration of this important matter.
