Florida Public Service Commission Office of Commission Clerk 2540 Shumard Oak Boulevard Tallahassee, FL 32399-0850

Dear Clerk of the State of FL:

On February 28, 2025, Florida Power & Light Company (FPL) filed a petition with the Florida Public Service Commission (Commission or PSC) for a base rate increase. It's my understanding that this hike would mean the average \$134 bill using 1,000 kilowatt-hours a month would see an increase of MORE than \$17. That's an excessive request for a rate increase and many customers like myself who are on fixed incomes and already struggling with finances will be impacted greatly. Every year FPL has a significant rate increase, I am paying \$20 more a month on my electric bill than I did previous year and every year the same story. At some point these increases will ultimately drive people like myself out of there homes, its just not sustainable. FPL has been profitable, when will companies focus on customers rather than profit. Inflation has already impacted us all negatively. I kindly urge you to reject this request for another rate increase.

Thank you for your kind consideration.

Regards,  
Tina Cozzolino
