CUSTOMER COMMENTS
As a lifelong South Floridian and an FPL customer since moving into our current home in November 2020, I've consistently experienced reliable, high-quality service. Our monthly bill averages around \$391, including about \$30 for our electric vehicle charger, which we've had since February 2022. I believe FPL has demonstrated a strong commitment to innovation and infrastructure, and I support their efforts to continue investing in a resilient, forward-looking infrastructure for our region.
