Subject

Suggestions for public service comission and electric company reforms

Message

Please consider changes to Public service comission and electric Co requirements ..1. No more than 1 rate hike in 5 years unless catastrophic event. Cat 4 or equivalent. Max base rate of 20 per month for residential solar customers if their draw from FPL doesn't exceed \$80/mo in power. Ie prorated base rates for low usage. Allow the ability to go completely offgrid. Not require an electrical connection if solar (Ie avoid monopoly /unfair form of taxation (if not needed) Stop utility ads/wastefu
