#### FILED 6/18/2025 DOCUMENT NO. 04651-2025 FPSC - COMMISSION CLERK

#### BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of amended standard offer contract (Schedule COG-2), by Duke Energy Florida, LLC. DOCKET NO. 20250054-EQ ORDER NO. PSC-2025-0211-PAA-EQ ISSUED: June 18, 2025

The following Commissioners participated in the disposition of this matter:

## MIKE LA ROSA, Chairman ART GRAHAM GARY F. CLARK ANDREW GILES FAY GABRIELLA PASSIDOMO SMITH

## NOTICE OF PROPOSED AGENCY ACTION ORDER APPROVING DUKE ENERGY FLORIDA, LLC'S AMENDED STANDARD OFFER CONTRACT AND RATE SCHEDULE (COG-2)

#### BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

#### **Case Background**

Section 366.91(3), Florida Statutes (F.S.), requires each investor-owned utility (IOU) to continuously offer to purchase capacity and energy from renewable generating facilities (RF) and small qualifying facilities (QF). Rules 25-17.200 through 25-17.310, F.A.C., implement the statute and require each IOU to file with the Commission, by April 1 of each year, a revised standard offer contract based on the next avoidable fossil-fueled generating unit of each technology type identified in the utility's current Ten-Year Site Plan (TYSP). On April 1, 2025, Duke Energy Florida, LLC (DEF) filed a petition for approval of its amended standard offer contract, pursuant to Sections 366.04, 366.041, 366.05, 366.055, 366.06, and 366.91, F.S.

#### Analysis

Section 366.91(3), F.S., and Rule 25-17.250, F.A.C., require that an IOU continuously make available a standard offer contract for the purchase of firm capacity and energy from RFs and QFs with design capacities of 100 kilowatts (kW) or less. Pursuant to Rules 25-17.250(1)

and (3), F.A.C., the standard offer contract must provide a term of at least 10 years, the payment terms must be based on the utility's next avoidable fossil-fueled generating unit identified in its most recent TYSP or, if no avoided unit is identified, its next avoidable planned purchase. In its 2025 Ten-Year Site Plan, DEF has identified a 245 megawatt (MW) natural gas-fueled combustion turbine as the next avoidable planned generating unit. This unit has a projected inservice date of June 1, 2033, with planned construction beginning in January 2029.

Under DEF's amended standard offer contract, the RF/QF operator commits to certain minimum performance requirements, based on the identified avoided unit, such as being operational and delivering an agreed upon amount of capacity by the in-service date of the avoided unit. In this way, the RF/QF thereby becomes eligible for capacity payments in addition to payments received for energy. The standard offer contract may also serve as a starting point for negotiation of contract terms by providing payment information to an RF/QF operator in a situation where one or both parties desire particular contract terms other than those established in the standard offer.

In order to promote renewable generation, we require each IOU to offer multiple options for capacity payments, including the options to receive early or levelized payments. If the RF/QF operator elects to receive capacity payments under the normal or levelized contract options, it will receive as-available energy payments only until the in-service date of the avoided unit (in this case June 1, 2033). Thereafter, they begin receiving capacity payments in addition to firm energy payments. If either the early or early levelized option is selected, then the operator will begin receiving capacity payments earlier than the in-service date of the avoided unit. However, payments made under the early capacity payment options tend to be lower in the later years of the contract term, because the net present value (NPV) of the total payments must remain equal for all contract payment options.

Table 1 contains DEF's estimates of the annual payments for the normal and levelized capacity payment options available under the amended standard offer contract to an operator with a 50 MW facility operating at a capacity factor of 95 percent, which is the minimum capacity factor required under the contract to qualify for full capacity payments. Normal and levelized capacity payments begin with the projected in-service date of the avoided unit (June 1, 2033), and continue for 10 years, while early and early levelized capacity payments begin two (2) years prior to the in-service date, or January 2031 in this case.

(This area intentionally left blank.)

Table 1Estimated Annual Payments to a 50 MW Renewable Facility(95% Capacity Factor)

Source: DEF's Response to Staff's First Data Request.<sup>1</sup>

DEF's amended standard offer contract, in type-and-strike format, is included as Attachment A to this Order. The changes made to DEF's tariff sheets are consistent with the updated avoided unit. Revisions include updates to calendar dates and payment information, which reflect the current economic and financial assumptions for the avoided unit.

## Decision

We find that the provisions of DEF's amended standard offer contract and the associated rate schedule COG-2 conform to the requirements of Rules 25-17.200 through 25-17.310, F.A.C.

<sup>&</sup>lt;sup>1</sup> Document No. 02948-2025, filed Apr. 17, 2025, in Docket No. 20250054-EQ, In re: Petition for approval cf amended standard c<sub>i</sub>fer contract (Schedule COG-2), by Duke Energy Florida, LLC.

The amended standard offer contract offers multiple payment options so that a developer of renewable generation may select the payment stream best suited to its financial needs. Therefore, we will approve this amended standard offer contract and rate schedule COG-2.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Duke Energy Florida, LLC's petition for approval of amended standard offer contract and the associated rate schedule COG-2 is granted. The amended standard offer contract and the associated rate schedule COG-2, attached hereto as Attachment A, are approved as filed. The standard offer contract and the associated rate schedule COG-2 conform to the requirements of Rules 25-17.200 through 25-17.310, Florida Administrative Code. Further, the amended standard offer contract offers multiple payment options so that a developer of renewable energy may select the payment stream best suited to its financial needs. It is further

ORDERED that the provisions of this Order, issued as a proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate petition, in the form provided by Rule 28-106.201, Florida Administrative Code, is received by the Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the "Notice of Further Proceedings" attached hereto. Potential signatories are hereby made aware that, if a timely protest is filed, Duke Energy Florida, LLC's standard offer contract may subsequently be revised. It is further

ORDERED that in the event this Order becomes final, this docket shall be closed.

By ORDER of the Florida Public Service Commission this 18th day of June, 2025.

ADAM J. TEITZMAN Commission Clerk Florida Public Service Commission 2540 Shumard Oak Boulevard Tallahassee, Florida 32399 (850) 413-6770 www.floridapsc.com

Copies furnished: A copy of this document is provided to the parties of record at the time of issuance and, if applicable, interested persons.

#### NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing that is available under Section 120.57, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

The action proposed herein is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on July 9, 2025.

In the absence of such a petition, this order shall become final and effective upon the issuance of a Consummating Order.

Any objection or protest filed in this/these docket(s) before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

Attachment A Page 14 of 70

ENERGY, SECTION No. IX THIRD REVISED SHEET NO. 9.413 CANCELS BECOND PREVISED SHEET NO. 9.413
" <u>RF/QF Insurance</u> " has the meaning assigned to it in Section 17.
" <u>RF/OF Performance Security</u> " has the meaning assigned in Section 11.
"Security Documentation" has the meaning assigned to it in Section 12.
" <u>Ferm</u> " has the meaning assigned to it in Section 3.
"Termination Date" means the date upon which this Contract terminates unless terminated earlier in accordance with the provisions hereof. This date is specified in Section 4.
" <u>Termination Fee</u> " means the fee described in Appendix B as it applies to any Capacity Payments made under Option B, C or D.
"Termination Security" has the meaning assigned to it in Section 12.
"Transmission Provider" means the operator(s) of the Transmission System(s) or any successor thereof or any other entity or entities authorized to transmit Energy on behalf of RF/QF from the Electrical Interconnection Point.
"Transmission System" means the system of electric lines comprised wholly or substantially of high voltage lines, associated system protection, system stabilization, voltage transformation, and capacitance, reactance and other electric plant used for conveying electricity linm a generating station to a substatum, from one generating station to another, from one substation to another, or to or from any Electrical Interconnection Fourier or to ultimate consumers and shall include any interconnection owned by the Transmission Provider or DEF, but shall in no event include any lines which the Transmission Provider has specified to be part of the Distribution System except for any distribution facilities required to accept capacity and energy from the Facility.

DUKE SECTION No. IX NINTH REVISED SHEET NO. 9,418 CANCELS EIGHT IN REVISED SHEET NO. 9,418 ENERGY, In the event that the RF/QF decides to self any or all EAs that result from the 6.3 electric generation of the RF/QF during the term of this Contract, the RF/QF shall provide notice to the Company of its intent to sell such EAs and provide the Company a reasonable opportunity to offer to purchase such EAs. 6.4 The RF/QF shall not rely on interruptible or curtaitable standby service for the start up requirements (initial or otherwise) of the Facility. 6.5 The RF/QF shall be responsible for the scheduling of required transmission and for all costs, expenses, taxes, fees and charges associated with the delivery of energy to DEF. The RI/QI shall enter into a transmission service agreement with the Transmission Provider in whose service territory the Facility is to be located and the RF/QF shall make any and all transmission-related arrangements (including interconnection and ancillary services) between the RF/QF and the Transmission Provider for delivery of the Facility's firm Capacity and energy to DRF. The Capacity and Energy amounts paid to the RI/QP hereunder do not include transmission losses. The REQU' shall be responsible for transmission losses that occur prior to the point at which the RF/QF's Energy is delivered to DEF. The Parties recognize that the Transmission Provider may be DEF and that if DEF is the Transmission Provider, the transmission service will be provided under a separate agreement. **Committed Capacity/Capacity Delivery Date** 7. If the RF/QF commits to sell capacity to DEF, the amount of which shall be 7.1 determined in accordance with this Section 7. Subject to Section 7.3, the Committed Capacity is set at \_\_\_\_\_\_kW, with an expected Capacity Delivery Date on or before the Required Capacity Delivery Date. 7.2 Capacity testing of the Facility (each such test a Committed Capacity Test) shall be performed in accordance with the procedures set forth in Section 8. The Demonstration Period for the first Committed Capacity Test shall commence no earlier than ninety (90) days before the Required Capacity Delivery Date and testing must be completed before the Avoided Unit In-Service Date or an earlier date in Appendix E. The first Committed Capacity Test shall not be successfully completed unless the Facility demonstrates a Capacity of at least one hundred percent (100%) of the Committed Capacity set forth in Section 7.1. Subject to Section 8.1, the RE/QF may schedule and perform up to three (3) Committed Capacity Tests to satisfy the requirements of the Contract with respect to the first Committed Capacity Test. 🖌 DUKE SECTION No. IX SIXTH REVISED SHEET NO. 9,430 CANCELS FIFTH REVISED SHEET NO. 9,430 ENERGY, any act or omission by the Indemnifying Party or its contractors, agents, (b) servants or employees in connection with the installation or operation of its generation system or the operation thereof in connection with the other Party's system; (c) any defect in, failure of, or fault related to, the indemnifying Party's generation system: (**d**) the negligence or willful misconduct of the Indemnifying Party or its contractors, agents, servants or employees; or any other event or act that is the result of, or proximately caused by, the (0) Indemnifying Party or its contractors, agents, servants or employees related to the Contract or the Parties' performance thereunder. 16.2 Payment by an Indemnified Party to a third party shall not be a condition precedent to the obligations of the Indemnifying Party under Section 16. No Indemnified Party under Section 16 shall settle any claim for which it claims indemnification hercunder without first allowing the Indemnifying Party the right to defend such a claim. The Indemnifying Party shall have no obligations under Section 16 in the event of a breach of the foregoing sentence by the Indemnified Party. Section 16 shall survive termination of this Contract. 17. Insurance The RF/QF shall procure or cause to be procured and shall maintain throughout the 17.1 entire Term of this Contract, a policy or policies of liability insurance issued by an insurer acceptable in the state of Florida on a standard "Insurance Services Office" commercial general liubility and/or excess liability form or equivalent and Workers' Compensation in accordance with the statutory requirements of the state of Florida (such policy or policies, collectively, the "RF/QF Insurance"). A certificate of insurance shall be delivered to DEF at least fifteen (15) calendar days prior to the start of any interconnection work. At a minimum, the RF/QF Insurance shall contain (a) an endorsement providing coverage, including products liability/completed operations coverage for the term of this Contract, and (b) premises and operations liability. (c) a broad form contractual liability endorsement covering liabilities (i) which might arise under, or in the performance or nonperformance of, this Contract or (ii) caused by operation of the Facility or any of the RF/QF's equipment. Without limiting the foregoing, the RF/QF Insurance must be reasonably acceptable to DEF. Any premium assessment or deductible shall be for the account of the RE/QE and not DEE/. 17.2 The RF/QF Insurance for liability shall have a minimum limit of five million dollars (\$5,000,000-00) per occurrence for bodily injury (including death) or property damage. This liability limit can be met by any combination of commercial general and excess liability insurance pulicies. ISSUED BY: Javier Perturencie, Vice President, Rates & Regulatory Strategy - FL EFFECTIVE: June 9, 2020

Docket No. 20250054-EO Attachment A Date: May 21, 2025 Page 32 of 70 **DUKE** SECTION No IX SEVENTH REVISED SHEET NO. 9.431 CANCELS SIXTH REVISED SHEET NO. 9.431 ENERGY, 17.3 To the extent that the RF/QF Insurance is on a " claims made " basis, the retroactive date of the policy(ies) shall be the Effective Date of this Contract or an earlier date. Furthermore, to the extent the RF/OF Insurance is on a "claims made" basis, the RE/QE's duty to provide insurance coverage shall survive the termination of this Contract until the expiration of the maximum statutory period of limitations in the State of Florida for actions based in contract or in tort. To the extent the RF/QF Insurance is on an "occurrence" basis, such insurance shall be maintained in effect at all times by the RF/QF during the term of this Contract, 17.4 The RU/QF shall provide DEF with a copy of any material communication or notice related to the RE/QE insurance within ten (10) Business Days of the RE/QE's receipt or issuance thereof. 17.5 DEF shall be designated as an additional named insured under the RF/QF Insurance (except Workers' Compensation). The RF/QF Insurance shall be primary to any coverage maintained by DEF and provide, where permitted by law, waiver of any rights of subrogation against DET. Any deductibles or retentions shall be the sole responsibility of RF/QF. RF/QF's compliance with these provisions and the limits of insurance specified herein shall not constitute a limitation of RF/QF's liability or otherwise affect RF/QF's indemnification obligations pursuant to this Contract. Any failure to comply with all of these provisions shall not be deemed a waiver of any rights of DEF under this Contract with respect to any insurance coverage required hereunder. Dill' may request the RI/QI' to provide a copy of any or all of its required insurance policies, including endorsements in which DEF is included as an additional institud for any claims filed relative to this Contract. 18. **Force Majeure** "Force Majeure" is defined as an event or circumstance that is not reasonably 18.1 foreseeable, is beyond the reasonable control of and is not caused by the negligence or lack of due diligence of the Party claiming Force Majeure or its contractors or suppliers and adversely affects the performance by that Party of its obligations under or pursuant to this Contract. Such events or circumstances may include, but are not limited to, acts of God, war (including actions or inactions of military authority), rior or insurrection, blockades, embargees, sabetage, epidemics (that are recognized by a health agency authority, and authorities have required a mandated quarantine impacting the Facility, and the RF/QF has shown a direct correlation and impact to the Facility), explosions and fires not originating in the Facility or caused by its operation, hurricanes, floods, strikes, lockouts or other labor disputes or difficulties (not caused by the failure of the affected Party to comply with the terms of a collective bargaining agreement). Force Majoure shall not include or be based on (i) RF/QF's ability to sell the Capacity or Energy to another market at an economic advantage or a price greater than the price herein; (ii) equipment breakdown or inability to use equipment caused by its design, construction, operation, maintenance or inability to meet regulatory standards, or otherwise caused by an event originating. in the Facility; ISSUED BY: Geoff Foster, Vice President, Retes & Regulatory Strategy - FL EFFECTIVE: July 10, 2021

DUKE SECTION No. IX REFTH REVISED SHEET NO. 9.438 CANCELS FOURTH REVISED SHEET NO. 9.438 ENERGY, 20.9 Dispute, Venue and Waiver of Jury Trial With respect to any dispute, suit, action or proceedings relating to this Contract, each party irrevocably submits to the exclusive jurisdiction of the courts of the State of Florida and the United States District Court located in Hillsborough County in Tamps, Florida, and in respect of the transactions contemplated hereby, and hereby waive, and agree not to assort, as a defense in any dispute, action, suit or proceeding for the interpretation or enforcement hereof or of any such document, that it is not subject thereto or that such dispute, action, suit or proceeding may not be brought or is not maintainable in said courts or that the venue thereof may not be appropriate or that this Contract or any such document may not be enforced in or by such courts, and the Parties hereto irrevocably agree that all claims with respect to such action or proceeding shall be heard and determined in such a court. The Parties hereby consent to and grant any such court jurisdiction over the persons of such Parties solely for such purpose and over the subject matter of such dispute and agree that mailing of process or other papers in connection with any such action or proceeding in the manner provided in Section 20.6 hereof or in such other manner as may be permitted by Law shall be valid and sufficient service thereof. Each Party acknowledges and agrees that any controversy which may arise under this Contract is likely to involve complicated and difficult issues, and therefore each Party hereby inevocably and unconditionally waives any right a Party may have to a trial by jury in respect of any litigation resulting from, arising out of or relating to this Contract or the transactions contemplated hereby. Euch Party certifies and acknowledges that (a) no representative, agent or attorney of the other Party has represented, expressly or otherwise, that such other Party would not, in the event of litigation, seek to enforce the foregoing waiver, (b) each Party understands and has considered the implications of this waiver, (c) each Party makes this waiver voluntarily and (d) each Party has been induced to enter into this Contract by, among other things, the mutual waivers and certifications in this Section 20.9. 20.10 Limitation of Liability IN NO EVENT SHALL DEF. ITS PARENT CORPORATION, OFFICERS, DIRECTORS, EMPLOYEES, AND AGENTS BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR MULTIPLE DAMAGES RESULTING FROM ANY CLAIM OR CAUSE OF ACTION, WHETHER BROUGHT IN CONTRACT, TORT (INCLUDING, BUT NOT LIMITED TO, NEGLIGENCE OR STRICT LIABILITY), OR ANY OTHER LEGAL THEORY. 	SECTION No IX THIRD REVISED SHEET NO 9.439 CANCELS SECOND REVISED SHEET NO. 9.439
20,11	Severability
	If any part of this Contract, for any reason, is declared invalid or unenforceable by a public authority of appropriate jurisdiction, then such decision shall not affect the vulidity of the remainder of the Contract, which remainder shall remain in force and effect as if this Contract had been executed without the invalid or unenforceable portion.
20.12	Complete Agreement and Amendments
	All previous communications or agreements between the Parties, whether verbal or written, with reference to the subject matter of this Contract are hereby abrogated. No amendment or modification to this Contract shall be binding unless it shall be set forth in writing and duly executed by both Parties. This Contract constitutes the entire agreement between the Parties.
20.13	Survival of Contract
	Subject to the requirements of Section 20.4, this Contract, as it may be amended from time to time, shall be binding upon, and innre to the benefit of, the Parties' respective successors-in-innerest and legal representatives.
20.14	Record Retention
	Each Party shall maintain for a period of five (5) years from the date of termination hereof all records relating to the performance of its obligations hereunder.
20.15	No Waiver
	No waiver of any of the terms and conditions of this Contract shall be effective unless in writing and signed by the Party against whom such waiver is sought to be enforced. Any waiver of the terms hereof shall be effective only in the specific instance and for the specific purpose given. The failure of a Party to insist, in any instance, on the strict performance of any of the terms and conditions hereof shall nu be construed as a waiver of such Party's right in the future to insist on such strict performance.
20.16	Set-Off
	DEF may at any time, but shall be under no obligation to, set off or recoup any and all sums due from the RF/QF against sums due to the RF/QF hereunder without undergoing any legal process.

ENE	E RGY,	SECTION NO. IX PIFTH REVISED SHEET NO. 9.440 CANCELS FOURTH REVISED SHEET NO. 9.440
20,67		ze in Environmental Law or Other Regulatory Requirements
	(a <b>)</b>	As used herein, "Change(9) in Environmental Law or Other Regulatory Requirements" means the enactment, adoption, promulgation, implementation, or issuance off or a new or changed interpretation of, any statute, rule, regulation, permit, license, judgment, order or approval by a governmental entity that specifically addresses environmental or regulatory issues and that takes effect after the lifective Date.
	(b)	The Parties acknowledge that Change(s) in Environmental Law or Other Regulatory Requirements could significantly affect the cost of the Avoided Unit ("Avoided Unit Cost Changes") and agree that, if any such change(s) should affect the cost of the Avoided Unit more than the Threshold defined in Section 20.17(c) below, the Party affected by such change(s) may avail itself of the remedy set forth in Section 20.17(d) below as its sole and exclusive remedy.
	(c)	The Parties recognize and agree that certain Change(s) in Environmental Law or Other Regulatory Requirements may occur that do not rise to a level that the Parties desire to impact this Contract. Accordingly, the Parties agree that for the purposes of this Contract, such change(s) will not be deemed to have occurred unless the change in Avoided Cost resulting from such change(s) exceed a mutually agreed upon amount. This mutually agreed upon amount is attached to this Contract in Appendix E.
	(d)	If an Avoided Unit Cost Change meets the threshold set forth in Section 20.17(c) above, the affected Party may request the avoided cost payments under this Contract be recalculated and that the avoided cost payments for the remaining term of the Contract be adjusted based on the recalculation, subject to the approval of the FPSC. Any dispute regarding the application of this Section 20.17 shall be resolved in accordance with Section 20.9.

**DUKE** SECTION No. IX RAST REVISED SHEET NO. 9.463 CANCELS ORIGINAL SHEET NO, 9.463 ENERGY, **LIMEFATION** Purchases under this schedule are subject to FPSC Rules 25-17.080 through 25-17.310, F.A.C., and are limited to those RF/QFs which: Are defined in the Contract; A. Ð. Execute a Contract: RATES FOR PURCHASES BY DEF Firm Capacity and Energy are purchased at unit cost, in dollars per kilowart per month and cents per kilowatt-hour, respectively, based on the value of deferring additional capacity required by DEF. For the purpose of this schedule, an Avoided Unit has been designated by DEF. DEF's next Avoided Unit has been identified in Section 4 of the Contract. Schedule 1 to this Appendix describes the methodology used to calculate payment schedules, general terms, and conditions applicable to the Contract filed and approved pursuant to FPSC Rules 25-17.080 through 25-17.310, F.A.C. Firm Capacity Rates A. Four options, A through D, as set forth below, are available for payments of firm capacity that is produced by a RU7QF and delivered to DEF. Once selected, an option shall remain in effect for the term of the Contract. Exemplary payment schedules, shown below, contain the monthly rate per kilowatt of firm Capacity which the RF/QF has contractually committed to deliver to DEF and are based on a contract term which extends through the Termination Date in Section 4 of the Contract. Payment schedules for other contract terms will be made available to any RE/QI' upon request and may be calculated based on the methodologies described in Schedule 1. The currently approved parameters used to calculate the following schedule of payments are found in Schedule 2 to this Appendix. Option A - Fixed Value of Deferral Payments - Normal Capacity Payment schedules under this option are based on the value of a year-by-year deferral of DEF's Avoided Unit with an in-service date as of the Avoided Unit In-Service Date in Section 4 of the Contract, calculated in accordance with FPSC Rule 25-17.0832, F.A.C., as described in Schedule 1. Once this option is selected, the current schedule of payments shall remain fixed and in effect throughout the term of the Contract. The payment schedule for this option follows in Table 3.
