I wanted to express my disappointment and sheer frustration with my recent electric and gas bill from TECO. Did any of your genius commissioners consider this ridiculous and radical increase and how it will impact retired customers on fixed incomes? I am here to tell you this will eventually turn into a legal battle against the state. Whomever this five member committee is should be ashamed for this decision. It's a complete rip off and will be a huge problem as all of my neighbors in Tampa are pissed off and disappointed in the governors phantom PSC commission.
