To Whom it may concern

I am an electrical contractor in volusia county , I am in contact with our construction group here for FPL on a weekly and sometimes daily basis.

Our crew here does a good job for us and is very easy to communicate with. Between the people I talk to the most matt shaw , Mark McMichael and Joshua Zender. I can ask for better people to help us in this industry. The advent of the Portal has sped up the new construction end of this business and helped us get information to them as the start of the project easier.

Please let me know if there is anything else I can comment on that would help the PSC

Thank you
