Subject: STOP SOLAR RATE HIKE

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Solar energy, which is an unreliable, expensive energy source that can only power our state for 5.2 hours in a 24-hour cycle. This August, FPL will come before the Florida Public Service Commission to request a \$9,000,000,000 (yes, \$9 billion) rate hike. ***This will dramatically affect each of our electric bills.***

STOP SOLAR RATE HIKE

Liz Capazzi
