**Subject:** FPL's Request for Base Rate Hike

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

In an effort to validate the legitimacy of my support of FPL's rate hike request as a long-time customer, rather than just quoting like everyone else the very substantial metrics you already know, I will briefly personalize this note. I have lived in Broward for over 50 years. I was teaching math & coaching at St. Thomas Aquinas HS when a fellow teacher introduced me to his sister, Maureen, at dinner one night. She was a special ed teacher in New Jersey who came down for Spring Break with her girlfriend. After dinner, Maureen and I walked along Fort Lauderdale Beach. It was a beautiful moonlit night, and we sat on a rock by the water's edge. I had just put my arm around her when the dam rock moved...a sea turtle actually laying eggs. My point, since that "Shea Turtle Day" moment, we have married, have 2 sons and 3 grandsons, owned 3 homes, and started Florida's first Outplacement/leadership development consulting firm....all with the flawless support of FPL during Florida's fastest growth history, from hurricane season to hurricane season!! The extended Shea family owes much of the safety and quality of decades of our lives to FPL. We will gratefully pay our parts of the FPL rate to ensure FPL's ability to continue the quality of our lives.

We request the Florida Public Service Commission to approve FPL's Base Rate increase!

My thanks,,,,,, Tom

I wanted to take a moment to express my satisfaction with the service provided by FPL . The reliability of the electricity supply has been outstanding, and it has made a significant positive impact in our daily operations. We truly appreciate the consistent and dependable service. Thank you for your hard work and dedication.

To Whom It May Concern,

I am a resident of Florida and have been a customer of FPL since we moved here in 2001. The service I have received, even during times of disaster, has been outstanding. I understand you're looking for a rate increase. I do understand that prices go up on everything and if my electric continues to work as it should, I am OK with a price increase.

If you have any questions for me, please feel free to contact me at this email address.

Lisa Teti

Dear Florida Public Service Commission,

As both a residential and business customer of Florida Power & Light, I'm writing in reference to Docket #2025-0011. I want to express my appreciation for FPL's exceptional customer service—truly second to none. Everyone I've interacted with has treated me with such professionalism and care that I consider them friends and colleagues.

I understand that rate adjustments are necessary to support the delivery of state-of-the-art technology and reliable service, especially in a hurricane-prone area like mine. I support FPL's continued investment in resilient infrastructure and innovation.

Sincerely,  
Lee Pinchouck

July 9, 2025

To: Whom it may concern

Subject: FPL Service and Support

Docket # 2025-0011

From: Barbara Cambia

6834 Consolata St

Boca Raton, FL 33433

I am writing in reference to the support FPL provides the community.

I work at Lynn University in Boca Raton – Amy Kemp had reached out to me in reference to meeting Lynn leadership to ensure the University had a direct contact at FPL for any construction projects and or for support for storms.

FPL generously supported an annual project at the University which was building Comfort Cases for children in foster care. Amy Kemp spoke to over 700 students providing FPL history and why giving back is so important.

Throughout the Boca Raton community – FPL is always there.

FPL sponsored the nonprofit HabCenter (adults with cognitive disabilities) annual fashion show

**Subject:** Rate increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good afternoon,

I am writing as a customer and community advocate to support FPLs plan to increase their rates. We have been part of the South Florida community for over 50 years and we are continually impressed with FPL services. Since Covid our state population has increased drastically, and it is imperative FPL continue to provide quality services as our major utility. Our state is continually impacted by hurricanes. Over the last number of years FPL has provided excellent disaster recovery services to us. As Florida continues to grow FPL will need to keep up with the demands and they will need the funds to support the needs of the growing population.

Please let me know if you have any questions.

Best,

Maureen Shea
