Dear Florida Public Service Commission,

I am writing to formally request that the Commission hold an in-district hearing in my county for Docket No. 20250011 (Petition for Rate Increase by Florida Power & Light Company) to ensure that the public has a fair opportunity to weigh in on this critical decision.

It is essential that we hear comments from the rate payers on this request for a rate increase. FPL is a regulated monopoly and, as such, does not have carte blanche to act on behalf of share holders. They are obligated to be responsive to community needs and act on behalf of their customers. Let us hear comments from all quarters.

I urge you to reject this request to ensure that consumers, not corporate profits, remain your priority. Holding in-district hearings will allow impacted residents to voice their concerns and hold FPL accountable.

I appreciate your attention to this matter and look forward to your response.

Sincerely,
Gary Harding
