Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I strongly oppose the largest rate increase in U.S. History. This excessive hike would really be difficult for my husband and I.

All our monthly bills are going up and our income doesn't change, as we are retired and living off our retirement savings, which are declining more and more each month. FPL is already a highly profitable company—asking customers to pay more just to boost corporate profits is completely unacceptable.

I implore you to reject FPL's request for a higher return on equity and increase to the monthly base rate. Customers, those of us who are retired, would really appreciate FPL prioritize customers over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and consideration.

Sincerely,

Judith Mack
