Dear Florida Public Service Commissioners,

At a time when FPL is asking for a rate increase, I am offended seeing their expensive tv commercials that give consumers zero information. What purpose do they serve? They just talk about how good they. Here in South Florida consumers have no choice when it comes to energy providers. Why are customers paying for them to advertise?

I urge you to reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize customers over corporate greed and ensure utility rates remain fair and affordable. They should stop spending money making commercials and buying expensive media instead of raising rates on customers. As I write this letter, an FPL commercial just came on tv!

Please stand up for Floridians and say NO to this rate hike.

Thank you for your time and consideration.

Sincerely,
