Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I strongly oppose the rate increase. As a board member resident residing in a senior development of which the majority of the residents only income is Social Security the hike would place an unfair additional burden on our senior residents. With insurance costs and HOA's continuing to increase another increase such as the one proposed by FPL shouldn't increase and force our seniors to bear another additional cost.

With costs for housing, healthcare, insurance and everyday essentials already high, the last thing we need is a higher electric utility bill. FPL

I urge you to reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize customers over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and consideration.

Sincerely,

Marvin Bernstein
