Subject: Keep FPL Rates Down Docket #20250011

Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I strongly oppose the largest rate increase in U.S. History. This excessive hike would place an unfair burden on customers, especially low-income customers or older adults on fixed incomes who simply cannot afford to pay more.

They have no conscience in this inflated economy as they pretend to customers in suggesting they can have a review of their electrical system to save potential monies. Easy for us to carry the burden in all ways.

With costs for housing, healthcare, and everyday essentials already high, the last thing we need is FPL already a highly profitable company—telling customers they should pay more just to boost their corporate profits.

Reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize people, especially in these times, over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and consideration.

Sincerely,
