

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition by Florida Power & Light
Company for Base Rate Increase

Docket No: 20250011-EI

Date: July 18, 2025

**FEDERAL EXECUTIVE AGENCIES' REQUEST FOR CONFIDENTIAL
CLASSIFICATION OF INFORMATION PROVIDED IN RESPONSE TO
THE STAFF OF THE FLORIDA PUBLIC SERVICE COMMISSION'S REQUEST
FOR PRODUCTION OF DOCUMENTS (NO. 3)**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, the Federal Executive Agencies ("FEA") hereby requests confidential classification of certain documents and information provided in its responses to the Staff of the Florida Public Service Commission's ("Staff") First Request for Production of Documents (No. 3) ("Confidential Information"). In support of its request, the FEA states as follows:

1. FEA served responses to Staff's First Request for Production of Documents (No. 3) on July 2, 2025. Consistent with Rule 25-22.006, Florida Administrative Code, this request is filed to request confidential classification of certain information contained therein.

2. The following exhibits were provided to Staff and made a part of this Request:

- a. Confidential Staff-FEA POD No. 3 are Confidential workpapers. This information includes rating agency reports prepared by Moody's Investor Services (Moody's) and S&P Global Ratings (S&P), which include confidential information that were provided to Staff pursuant to terms that prohibit public disclosure. The confidential information independently derived by Moody's and S&P and/or uniquely compiled by these companies. Such information is competitively sensitive and a trade secret because competitors may use such data to gain a competitive advantage over Moody's and S&P. The confidential information is not available or

ascertainable by competitors through normal or proper means. If the confidential information were publicly disclosed, other persons could obtain its economic value without having to obtain a license for or otherwise agree to limit further dissemination of the confidential information. Such public disclosure would have an adverse effect upon the commercial value of the copyrighted material for which FEA pays a fee to access. In such a case, FEA, Moody's, S&P, and FP&L would be at a competitive disadvantage.

3. The FEA submits that the Confidential Information is intended to be and has been treated and maintained by the FEA, and its disclosure would cause harm to BAI, FEA, FP&L, Moody's, and S&P Capital. Pursuant to Section 366.093, Florida Statutes, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. Upon a finding by the Commission that the Confidential Information is proprietary and confidential business information, the information should not be declassified for at least eighteen (18) month period and should be returned to the FEA as soon as it is no longer necessary for the Commission to conduct its business. *See* Section 366.093(4), Florida Statutes.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials, the FEA respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted this 18th day of July, 2025,

By: /s/ Ashley N. George
