Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I strongly oppose the largest rate increase in U.S. History. This excessive hike would place an unfair burden on customers, especially low-income customers or older adults on fixed incomes with Social Security who simply cannot afford to pay more. Florida has the highest homeowners and auto insurance rates!

With costs for housing, healthcare, Medicare supplement and prescription insurance premiums, everyday essentials are already high, the last thing we need is a higher electric utility bill. FPL is already a highly profitable company—asking customers to pay more just to boost corporate profits is completely unacceptable!!

I urge you to reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize ALL customers over corporate greed and ensure utility rates remain fair and affordable. We keep our thermostat on 78° all summer to be able to afford the FPL bill on a budget.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and consideration.

Sincerely,

Becky Kosher
