**PETITION FOR APPROVAL OF CONSERVATION

1. The Company is an electric utility with its principal office located at:

208 Wildlight Avenue,
Yulee, Florida 32097

2. The name and mailing address of the persons authorized to receive notices are:

3. Pursuant to the requirements in this docket, FPUC, concurrently with the filing of this petition, files testimony and conservation cost recovery schedules (Exhibit KIL-1) for the period, consisting of the reporting forms supplied by the Commission Staff.
4. As reflected in the exhibit sponsored by Ms. Kira Lake, the conservation costs for the Company's two electric divisions, on a consolidated basis, for the period ending December 2026 is projected to be \$1,769,965. The conservation actual/estimated true-up

amount for the prior period January 2025 to December 2025 is an under-recovery of \$232,055. The final, end of period, true up amount for 2024 was an over-recovery of \$74,247.

5. The total projected energy conservation costs, on a consolidated basis, that the Company seeks to recover during the twelve-month period ending December 2026, are \$2,002,020, which includes the projected incremental costs. As such, the Company asks for approval of a consolidated levelized conservation cost recovery factor for this period of \$.00321 per KWH, which is appropriate based upon projected sales for the same period.

WHEREFORE, FPUC respectfully requests that the Commission enter an Order approving the Company's requested conservation cost recovery factor to be applied to customers' bills for the period January 2026 through December 2026.

RESPECTFULLY SUBMITTED this 1st day of August, 2025.
