Please Mr LaRosa something needs to be done. I am 81 years old and my wife is 78. We both are on SS totaling 2200.00 a month.

Both of us are on Oxygen 24/7 and need to keep our AC on which we keep at 79 degrees. Between groceries, car, house and life insurance premiums, and property taxes, medications we are out of money.

I have never asked the State for help with anything but now with 450 to 470 dollar electric bills this is now making tough choices as to what our needs are. Please TECO use to be home grown company as well as Peoples gas.

I have lived in Tampa all my life as well as my parents and their parents. Never in my life have I thought the cost of just basic living would sky rocket in just a few short years.

I am not looking for a hand out but, please if TECO ask for an increase deny it. I am sure many senior citizens are in the same boat. We all paid our dues, raised our families and never asked anything from anyone.

Thank you,
H G Hesse
