To Whom It May Concern:

I would like to express my appreciation for the ongoing partnership between Florida Power & Light (FPL) and our communities in Hendry and Glades counties. FPL's support has been instrumental in strengthening our rural areas through initiatives like the annual Power to Save event and the distribution of hurricane meal kits when needed.

These efforts, along with FPL's continued investment in hardening infrastructure and ensuring service reliability, have contributed significantly to the resilience and well-being of our community. Notably, FPL's rates remain below the national average, which helps keep energy affordable for our residents.

In light of their demonstrated commitment and the tangible benefits provided, I support FPL's request for rate increases (Docket #2025-0111) to continue delivering safe, reliable, and forward-looking energy solutions.

Sincerely,

Lisa Sands

Assistant Director for Hendry and Glades
