Subject: Docket No. 2025-0011; FPL Rate Proposal

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Commissioners:

I am writing in support of FPL's pending rate proposal. I have reviewed the basis of the proposed rate increase and its implementation over the next four years and find it reasonable in both respects. In fact, when considering the proposed value added in this time of escalating costs, I believe the proposed rate increase is a good deal.

I own and/or manage numerous properties in SWFL that have electricity accounts with their local provider. Although most are served by FPL, some are served by Glades Electric Cooperative and Lee County Electric Cooperative. Generally, it is my experience that FPL's service and associated rates are far superior to those of Glades Electric and LCEC.

Thank you for the opportunity to express my opinion in this matter.

Sincerely,

Rock Aboujaoudé, PE
