To whom it may concern,

I am sending you this note representing my family as a long term resident in Florida.

We are supportive of the proposed rate increase given the ongoing necessity to ensure our infrastructure remains sound and reliable into the future. Additionally, we recognize the increase in the cost of equipment as well as the population growth demands in our state. We appreciate your thoughtful approach relative to making these important decisions and investments, while ensuring the cost to residents remains feasible.

Best Regards,
Watts Family
