Subject: Support FPL - rate case

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Commissioners,

I've read about the current rate case that FPL is requesting and although I'm not happy about an increase in my electric rates, I do believe that FPL should be granted their request.

FPL's service and reliability is amazing. Once in a blue moon I am without power and with their thoughtful customer service and regular updates and follow up on the reason the power was out, they have demonstrated to me and my family that they are working hard to make sure their customer are informed. In fact our friends had an issue just last Tuesday. They were notified that FPL was already working to restore the power and after the power was back on, they received notification that unfortunately an animal had caused the outage.

There is nothing in our lives that cost the same as they did 2,3,or 4 years ago and since FPL has no other way to change what they charge their customers than come to you for that increase, I believe you should grant the request and I support the increase.

Thank you for your time,

Rae Dowling  
Manatee County FPL Customer
