Marvin Pierre  
4300 NW 34th Way, Lauderdale Lakes, FL 33309  
Docket #2025-0011

To The Public Service Commission,

As a lifelong Floridian, FPL customer, and small business owner I know how important reliable power is, especially during hurricane season and the intense summer heat.

I've seen firsthand how quickly FPL responds during outages, and I want to see that level of service continue. I operate a few Airbnbs in Fort Lauderdale and I've had issues ranging from random raccoons to overgrown neighboring trees causing power outages, and every time I've had an issue, FPL has always responded within a few hours or within the day which is absolutely critical for a business like airbnb; if you can imagine, guests don't like not having their AC and power during their short stays!

While I don't want to see rates increase, I support whatever is necessary to continue the great service FPL has provided to keep the lights on and respond with quick action when I need them most for me personally and for my business.

Thank you,

Marvin Pierre
