Good Day !

Ref : Senior Citizen- US Navy Veteran Feedback. >>>>> (FPL \$ 9B Dollar Rate Increase)<<<<<

Docket # 20210015 FPSC Inquiry # 139858OC

Since the year 2022 our household has been monetarily penalized every month by FPL for our minimum monthly

usage of KWH ? In retrospect the FPSC granted FPL permission to do so without any regard for the justification

of same ? Instead of FPL rewarding, and also commending our household for conserving electrical power we

continue to be monetarily penalized.<<<<<

One would also wonder as to how the FPSC could of granted FPL permission to do so ?<<<<<

In the interim our legitimate request to have the extra charge removed has been irresponsibly overlooked by the FPSC ?

Now FPL is seeking an Outrageous \$ 9 Billion Dollar Rate Increase.<<<<<

In Summation:

Will the FPSC bow to FPL, or will they think twice about what the Greedy Conglomerate is seeking this time ?<<<<<

Thank You.

Respectfully,

Michael J. Walsh

Dear PSC Commissioners:

I urge you to reject what would be the largest utility rate increase in U.S. history.

Over the past five years, FPL customers have seen their annual bills increase by more than \$400. These ongoing rate hikes hit hardest for low-income families and seniors living on fixed incomes—Floridians who are already struggling to keep up with the rising cost of essentials like gas, housing, and healthcare. Adding another unaffordable rate hike on top of these burdens is unacceptable.

It is especially egregious to ask customers to pay more when FPL has reported more than \$10 billion in profits over the last five years. This proposal does not reflect the needs of everyday Floridians—it reflects the priorities of corporate shareholders and executives looking to maximize returns at the expense of the public.

The Public Service Commission has a duty to ensure that utility rates are just, reasonable, and in the public interest. I respectfully urge you to reject FPL's request to increase the monthly base rate and raise its return on equity. Floridians deserve fair and affordable energy—not price hikes that fuel corporate profits.

Please stand up for Florida's working families, retirees, and vulnerable communities, and say NO to this rate hike.

Thank you,

Sincerely,

Dear PSC Commissioners:

I urge you to reject what would be the largest utility rate increase in U.S. history.

My bill is higher than last year with one less adult in my house. With hotter temps increasingly common, it will only get worse. This rate hike will be a burden on myself and my extended family that lives in Florida.
