RE: FPL Rate Increase, PSC Docket 20250011

My family and I are writing to object to a rate hike by Florida Power and Light. What we pay FPL presently is already exorbitant!

I am retired and we live on a fixed income budget. One of largest expenses is the FPL monthly bill. We are struggling to pay their bill and maintain a reasonable home temperature.

FPL has failed to increase its conventional power generation capacity to meet the 24/7 demand of a Florida population that is growing, many of whom are retirees like us.

Without a focus on this priority first, it is unconscionable to increase the already too high rates. We strongly object!

Sincerely,

**Andrew HeLal**
