Dear Florida Public Service Commissioners,

I strongly oppose what may amount to the largest rate increase in U.S. History. This excessive hike would place an unfair burden on customers, adding to the already high costs for housing, healthcare, & groceries. The last thing your FPL constituents need is a higher electric utility bill, especially when the company is already a highly profitable one. It's unconscionable to have customers pay more just to boost corporate profits.

Please reject FPL's request for a higher return on equity & increase to the monthly base rate. The PSC is supposed to prioritize CUSTOMERS over corporate greed, ensuring utility rates remain fair & affordable.

Thank you for your time and consideration.

Sincerely,

Susan Datres
