Subject: TECO electricity rates

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

PSC,

The continuous TECO rate hikes are untenable. Florida residents are being financially crushed by the perpetual price increases. The PSC needs to intervene. The rates are increasing exponentially and much faster than the rate of inflation.

I am contacting legislators regarding this matter and the Office of Public Counsel. In a State as hot as Florida residential climate control is a safety and health consideration.

Please work to lower these rates.

Respectfully,
Michael Desch
