Comment: Please do not approve this outrageous water rate hike. It will decrease our property values and deplete our pockets to pay \$300+ per month so a developer can fund his building plans in an area that is already overdeveloped. Who is going to buy in Grenelefe if they have to pay \$300+ for water? Greedy and egregious, if not illegal!! We are a community of quite retirees living on a fixed income. Why isn't the developer responsible if he is the one that is going to make money from us and his new development??!!
