Please reject FPL's Rate hike. FPL has a monopoly on our electricity, we don't have a choice but to pay the bill, while the company can afford to buy local land ,buy silver for use in Solar energy, but also pay lobbyists to fight against home owner solar energy use.

The company is a Billion dollar company, they give hundreds of thousands of dollars to local organizations all in the disguise of being a "good neighbor" and then raising consumer rates to allow their Board of Directors to be the highest paid BOD in the nation.

Some neighbors and the elderly are having difficulty paying their electric bill, raising the FPL rates will destroy their lifestyle.

Please reject FPL rate increase!
