This is regarding the water rate increase for Grenelefe in Haines City. At one time, Grenelefe was a place where people with money had second homes. This is no longer the case. The residents in Grenelefe are working class people with the majority being permanent residents. I can't wrap my head around the idea that my bill is going from approximately \$68.00 per month to over \$300.00. I can't afford it. This would make our rates some of the highest in the country. Please, this can't happen.
