Concerning the subject water rate increase. My wife and I are both 83 with some disabilities prohibiting our attendance of the meeting scheduled 09/15/2025. We will ask you to please do not approve this increase. Our association, Aspenwood, has done a little math, and this increase, if approved, will cost us close to 15% of our fixed social security income and would devastate what ever time we have left.

In the strongest terms possible please do not approve this in crease!
