To whom it may concern

I am a Grenelefe owner in Aspenwood and I am writing protest about the oncoming vote on the water cost increase in our community they are talking about a 500 % increase in our monthly payments we would have the most expensive water rate in the whole of the USA this cannot make any sense to a board we are not a wealthy community it would mean a total collapse of our community and houses would be unsustainable. Please give this some serious thought the new owners are supposed to carry the increased cost or Our Owner Mr House has offered to cover costs approximately \$20,000,000 Why should we have to carry the cost. ?

Yours sincerely

Howard & Trudi Francis
