**Subject:** Concern Over Rising Duke Energy Bills

Dear Governor DeSantis,

I am writing to you as a concerned Floridian and supporter of your work. I truly appreciate the leadership you've shown for our state, but I feel compelled to bring an issue to your attention that is becoming unbearable for many families like mine.

My Duke Energy power bill has skyrocketed to the point where it feels impossible to keep up. As a father of a family of four, every dollar matters and we are struggling just to keep food on the table while also paying basic utilities. It feels like Duke Energy is taking advantage of hardworking Floridians, and it's becoming harder and harder to afford the essentials.

I know you care about the people of Florida, and I strongly believe something needs to be done to hold Duke Energy accountable. Floridians should not have to choose between feeding their families and keeping the lights on. I respectfully urge you to look into this issue and take steps to protect residents from these unfair costs.

Thank you for your time, and thank you for your continued service to our state.

Respectfully,

Matthew Davidson

Trinity, Florida
