Dear Florida Public Service Commissioners,

I am not a residential customer of Florida Power & Light (FPL), but a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. I oppose the increases FPL has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These rates remain excessive and unfair to residential customers and somehow benefit the business sector.

FPL's claim that this "Settlement" represents residential customers is false. No one from FPL is consulting with the residents. Instead, FPL chose to ignore the voices of ordinary Floridians who have already expressed strong opposition to these increases.

I call on the Public Service Commission to reject these secret deals cut with large industrial and commercial interests and to hold FPL accountable.

Enough is enough — protect residential customers from corporate greed and unjustified rate hikes. There should be a better advocate group on these boards of directors that balance both

sides, not just one.

Thank you for your time and consideration.

Sincerely,

Megan Elsila
