Good Morning

We will be placing your comments below in consumer correspondence in Docket No. 20250011, and forwarding them to the Office of Consumer Assistance.

Thank you,  
Nick Holmes  
Commission Deputy Clerk II  
Office of Commission Clerk  
Florida Public Service Commission  
850-413-6770

*PLEASE NOTE: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are considered to be public records and will be made available to the public and the media upon request. Therefore, your email message may be subject to public disclosure.*

Dear Florida Public Service Commissioners,

I am a residential customer of Florida Power & Light (FPL). I spent over \$30,000 on solar panels for my home to help with the responsibility of creating energy in our community. Besides the payment each month, I have to maintain them, which sometimes can cost more than an energy bill. When my roof needs to be replaced, I'm going to have to spend thousands to have them removed and reinstalled. I have to spend extra money on Home Insurance to ensure them and there are very few insurance companies that will do that. I supply you with any excess energy that you may need during the day that I am not using. I think that your charge of \$30+ is too much. There aren't many people in my community of over 800 that actually have considered doing what I have done and I believe that we should not have to pay this much for our electric bill each month.

Thank you for your time and consideration.

Sincerely,

Mary Muders
