Dear Florida Public Service Commission,

I'm a Floridian and I am requesting that you vote NO on FPL's settlement agreement that would raise rates far above the national average.

If the Commission approves FPL's settlement, FPL will have the second highest return on equity in the country. That's a huge burden for Florida families who can barely afford our energy bills as it is.

Please reject FPL's settlement agreement and cap its return on equity to the national average of 9.6%.

I'm counting on you to protect Florida ratepayers.

Thank you for your consideration,

Sincerely,

Mr. Michael Wallace

6551 Prairie Junction Trl Sarasota, FL 34241-9686 michael@sarasotasales.net

Subject: Reject the FPL proposed settlement Docket #20250011

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To Whom it May Concern:

As full-time residents in Florida, living on the coast, and reeling from two major hurricanes, and all the expenses that come with it, we reject the proposes settlement. Solar panel and battery investments for FPL at the expense of consumers in the residential sector who are already dealing with huge insurance hikes, condo maintenance fee hikes, taxes, and special assessments don't need one more thing to drive them OUT of Florida.

Please reject any rate hike for residents!
