Dear Florida Public Service Commissioners,

I am a residential customer of Florida Power & Light (FPL) and a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. I opposed the increases FPL proposed in February, and I oppose the nearly identical increases FPL has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These rates remain excessive and unfair to residential customers.

FPL's claim that this "Settlement" represents residential customers like me and my family is false. No one from FPL ever consulted us, asked for our input, or received our consent to speak on our behalf. Instead, FPL chose to ignore the voices of ordinary Floridians who have already expressed strong opposition to these increases.

My family and I call on the Public Service Commission to reject these secret deals cut with large industrial and commercial interests and to hold FPL accountable.

Enough is enough — protect residential customers from corporate greed and unjustified rate

hikes.

And also, FPL doesn't always tell the truth about what they're doing.

Their Solar Sun Together program, is suppose to be a money saver.

But very sadly, it's not.

It's a matter of fact, it's a big fat joke.

I live on a fixed income.

If the Solar Sun Together program is suppose to be saving me money for almost 5 years, then how do you explain my bills from month to month, topping out at, a little, or sometimes, well over \$100 then?

And also, if a power surge hits the power line, and damages sensitive equipment, FPL claims that, they aren't responsible for that,

I think that, they need to be held accountable for that too as well.

Thank you for your time and consideration.

Sincerely,

John Price
