Dear Florida Public Service Commissioners,

9-21-2025

Dear PSC,

When I first got my patent right, I bought a whole lot of FPL stock. My mother ripped off my fortune and I never got it back. I've got some bad breaks trying to get it back including my FPL stocks and because they are stolen securities they do not belong to whomever has them today. As for the issue before the PSC today I'd like to say that in order to encourage people to live in Florida FPL has had a long tradition of keeping electric utility rates among the lowest in the country and if I were currently in possession of my FPL stocks today, I'd vote my shares to maintain the lowest rates possible for our customers without losing money and I'm asking the PSC to rule the same way.

I am a residential customer of Florida Power & Light (FPL) and a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. I opposed the increases FPL proposed in February, and I oppose the nearly identical increases FPL has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These

rates remain excessive and unfair to residential customers.

FPL's claim that this "Settlement" represents residential customers like me and my family is false. No one from FPL ever consulted us, asked for our input, or received our consent to speak on our behalf. Instead, FPL chose to ignore the voices of ordinary Floridians who have already expressed strong opposition to these increases.

My family and I call on the Public Service Commission to reject these secret deals cut with large industrial and commercial interests and to hold FPL accountable.

Enough is enough — protect residential customers from corporate greed and unjustified rate hikes.

Thank you for your time and consideration.

Sincerely,

Mr. Clare A. Citro
