Dear Commissioner Art Graham,

I'm a Floridian and I am requesting that you vote NO on FPL's settlement agreement that would raise rates far above the national average.

If the Commission approves FPL's settlement, FPL will have the second highest return on equity in the country. That's a huge burden for Florida families who can barely afford our energy bills as it is.

Please reject FPL's settlement agreement and cap its return on equity to the national average of 9.6%.

I'm counting on you to protect Florida ratepayers.

Thank you for your consideration,

Sincerely,  
Mr. Gregory Brown

Dear PSC Commissioners:

I urge you to reject what would be the largest utility rate increase in U.S. history.

Over the past five years, FPL customers have seen their annual bills increase by more than \$400. These ongoing rate hikes hit hardest for low-income families and seniors living on fixed incomes—Floridians who are already struggling to keep up with the rising cost of essentials like gas, housing, and healthcare. Adding another unaffordable rate hike on top of these burdens is unacceptable.

It is especially egregious to ask customers to pay more when FPL has reported more than \$10 billion in profits over the last five years. This proposal does not reflect the needs of everyday Floridians—it reflects the priorities of corporate shareholders and executives looking to maximize returns at the expense of the public.

The Public Service Commission has a duty to ensure that utility rates are just, reasonable, and in the public interest. I respectfully urge you to reject FPL's request to increase the monthly base rate and raise its return on equity. Floridians deserve fair and affordable energy—not price hikes that fuel corporate profits.

Please stand up for Florida's working families, retirees, and vulnerable communities, and say NO to this rate hike.

Thank you,

Sincerely,

Robert Bouyer III
