COMPLAINT INFORMATION

Complaint: Delay in Service against Florida Power & Light Company
Details:

I just received a bill of almost 600 dollars and could not help but notice that I'm being charged fuel expenses. How is this supposed to be fair! If FPL Cannot fulfill their end of providing service to counties and have to pay for fuel after all the billions of dollars they get from government and costumers how is it or decides that we should pay for their lack of rendering Services? And who gets to decide and give them permission to do this? It's a redundant charge at the expense of the consumer. How could you not see this?
