Hello, I would also like to see an investigation into Duke Energy.

Our electric bill has skyrocketed, when I looked closer I saw why, last year on our 2024 July/August reading we paid for the first 1000.000 kWh 9.171c then 10.071c. My July/August this year 12.219c for the first 1000.00 then 12.959c. This is nearly 34% increase! How can this be allowed as seniors we are getting poorer each year. Look at their profits, look at bonuses, we do not have a choice. We need you to regulate pls.
