Dear Florida Public Service Commissioners,

I am a residential customer of Florida Power & Light (FPL) and a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. FPL's policies are already onerous to residential customers -- please don't add insult to injury by raising rates disproportionately on residential customers. I oppose the nearly identical increases FPL had proposed in February and has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These rates remain excessive and unfair to residential customers.

FPL's claim that this "Settlement" represents residential customers like me and my family is false. No one from FPL ever consulted us, asked for our input, or received our consent to speak on our behalf. Instead, FPL chose to ignore the voices of ordinary Floridians who have already expressed strong opposition to these increases. FPL has a history of unfair and at times even deceptive actions, particularly against residential customers. We may not have be

able to meet in secret with FPL execs to hammer out such deals -- but we deserve a voice!!
I call on the Public Service Commission to reject these secret deals cut with large industrial
and commercial interests and to hold FPL accountable.
Enough is enough — protect residential customers from corporate greed and unjustified rate
hikes!!

Thank you for your time and consideration.

Sincerely,

Gail DeGeorge
