Dear Florida Public Service Commissioners,

I am a residential customer of Florida Power & Light (FPL) and a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. I opposed the increases FPL proposed in February, and I oppose the nearly identical increases FPL has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These rates remain excessive and unfair to residential customers.

FPL is promoting itself as the future of clean energy. Rate hikes need to be spelled out to consumers to justify supporting them. Consumers also need to be informed about the alternatives to subscribing with FPL instead of remaining vulnerable to rate hikes that affect every day costs of living especially for retirees like me that live on fixed incomes.

Thank you for your time and consideration.

Sincerely,

Jean POULOS
