Subject: URGENT REQUEST - Grenelefe Water Rate Increase - Docket # 20250023-WS

Subject: Request for Support in Opposing Water Rate Increase for Grenelefe Residents

Dear Governor,

I hope this message finds you well. I am writing to you as a concerned resident of Grenelefe regarding the recent announcement of a staggering 300% increase in water rates. This significant jump in costs is alarming and poses a serious challenge for many families and retirees in our community, who are already grappling with rising living expenses.

Given your position and influence within the city, I kindly ask for your support in advocating for the residents of Grenelefe. Your voice can make a significant impact in bringing our concerns to the attention of the Florida Public Service Commission (FPSC). We must work together to convey the urgency of this situation and push for a reconsideration of this drastic rate hike.

We believe that new developers and homebuyers should primarily bear the costs associated with expanding water services through new connections, rather than those of us who have long been part of this community. We must protect residents from undue financial strain and ensure a balanced approach to rate increases.

Thank you for your attention to this matter. I hope to see positive action taken on behalf of our community and look forward to your support.

Sincerely,

Jesenia Martinez
