Hey Willena Coleman and Matt Dean,

We noticed that iWireless filed the entirety of Exhibit A (the Lifeline subscriber data) as confidential. Typically, we provide June Lifeline totals to leadership within the Executive and Legislative branches of the Florida government.

We are requesting permission to use the company's June Lifeline data in the 2025 Lifeline Report.

Please let us know if you approve this use or have any concerns.

Best regards,

Sam Day

Hey Willena,

Yes, this is an annual data request that is sent to Florida ETCs in July. As it is your first year receiving this, I have attached i-wireless's response from last year for you to use as reference (though do please note that the questions this year are slightly different).

Please mail the data request to:

If you have any other questions, please do not hesitate to ask.

Best,
