Good Afternoon, Governor DeSantis:

I would like to bring to your attention a matter concerning energy costs that is significantly impacting residents. My energy bill for a one-bedroom apartment on Main Street in New Port Richey has escalated to an unprecedented \$218.00 per month. Having resided in this apartment for seven years, I have not previously experienced such high utility expenses.

The continuous increases implemented by Duke Energy are a cause for concern and, I believe, warrant an investigation. I also wonder if it is possible to consider introducing an alternative energy provider to the area.

Thank you for your time and consideration of this important issue.

Respectfully,

Joanne Kormoski
