Raising cost

Message

I understand that there needs to be a slight recovery charge to recover cost from the hurricanes last year but honestly it's more like they are pocketing the money our light bill for our family has went from \$250 a month back in March to now \$630 this is ridiculous as we don't use that much electricity in our home our neighbors are experiencing the same issue the lady next to us bill is now over \$10000 this is exactly why florida people are leaving state or unfortunately committing suicide
