Do you have any plans of addressing TECO and their astronomical rate hikes of nearly 82% in the past 10 years? Its criminal that they clear a 5 Billion dollar profit last year and raise our rates again. Is there anything that can be done? I don't understand why a Canadian company has the monopoly for power in the Tampa bay area, we have 0 alternatives and frankly I am wondering how I can afford to stay in Tampa. I regret bringing my kids here so they can afford to live, everything changes.
