

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of 2025
depreciation study and for approval to amortize
reserve imbalance, by Florida City Gas.

DOCKET NO. 20250035-GU
ORDER NO. PSC-2025-0448-CFO-GU
ISSUED: December 10, 2025

ORDER GRANTING FLORIDA CITY GAS'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION AND MOTION FOR PROTECTIVE ORDER
(DOCUMENT NOS. 02599-2025, X-REF. 02700-2025)

On April 3, 2025, pursuant to Section 366.093(3), Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida City Gas (FCG) filed a Request for Confidential Classification and Motion for Protective Order (Request) for information contained in its response to the Office of Public Counsel's (OPC) First Request for Production of Documents (Nos. 1-5) (Document Nos. 02599-2025, x-ref. 02700-2025).

Request for Confidential Classification

FCG contends that the information in Document Nos. 02599-2025, x-ref. 02700-2025, contains proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FCG asserts that the information at issue relates to variance reports including customer-specific account information, sensitive employee departmental and benefits information, and expense information arising from contracts with various vendors. Therefore, FCG argues the information is confidential and is protected by Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information in Document Nos. 02599-2025 x-ref. 02700-2025, satisfies the criteria set forth in Section 366.093(3)(d) and (e), F.S. for classification as proprietary confidential business information. The information described above and in FCG's Request constitutes a document with various project maps related to PGS's Downtown Tampa Project, which appears to contain "security measures, systems, or procedures," and "information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, the information identified in Document Nos. 02599-2025, x-ref. 02700-2025, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FCG or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Motion for Protective Order

FCG states that the information provided in the responses outlined above is confidential and seeks protection of these documents as provided in Section 366.093(3), F.S., and Rule 25-22.006(6)(c), F.A.C., while the material is in the possession of OPC.

Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from the public records law, Section 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

In addition, Rule 25-22.006(6)(c), F.A.C., states that if a party allows OPC to inspect or take possession of utility information, then that "utility may request a temporary protective order exempting the information from Section 119.07(1), F.S."

Ruling

Upon consideration, FCG's assertions of the confidential nature of the information contained in its responses to OPC are sufficient to grant its Motion for Protective Order for that

information. As a result, all of this information shall be protected from disclosure pursuant to Rule 25-22.006(6)(c), F.A.C.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gabriella Passidomo Smith, as Prehearing Officer, that Florida City Gas's Request for Confidential Classification of Document Nos. 02599-2025, x-ref. 02700-2025, is granted. It is further,

ORDERED that the information in Document Nos. 02599-2025, x-ref. 02700-2025, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida City Gas or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that Florida City Gas's Motion for Protective Order of the information in Document Nos. 02599-2025, x-ref. 02700-2025, is granted. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein. It is further

By ORDER of Commissioner Gabriella Passidomo Smith, as Prehearing Officer, this 10th day of December, 2025.

Gabriella Passidomo Smith
Commissioner and Prehearing Officer
Florida Public Service Commission

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
