Re: Docket No. 20250084-SU - Application for staff-assisted rate case in Orange County by Gulfstream Utility LLC.

Dear Mr. Friedman:

This letter is to confirm that Commission staff will hold a **virtual** customer meeting on Tuesday, January 13, 2026, at 2:00 p.m. We ask that a knowledgeable representative of the utility attend the meeting by phone, if possible, in order to make a brief statement regarding the rate increase request. Attached is the customer meeting agenda.

As required by Rule 25-22.0407(8)(b), Florida Administrative Code, the utility must provide, in writing, a customer meeting notice to all customers within its service area no less than 14 days and no more than 30 days prior to the date of a customer meeting. Please find enclosed a draft Notice of Customer Meeting. The date has been left blank so the utility can fill in the date that the notice is sent to customers. Please furnish me with a copy of the notice that is distributed to customers, along with a cover letter indicating the exact date in which the notice was mailed or otherwise delivered to customers.

Should you have any questions about the matters contained herein, please do not hesitate to contact me by phone at (850) 413-6103 or email at solivier@psc.state.fl.us.

Sincerely,

/s/Sebastian Olivieri

BACKGROUND

Gulfstream is a Class C utility providing wastewater service to approximately 965 residential customers in Orange County. Gulfstream provides water service to its wastewater customers through a bulk service agreement with Orange County. Since Gulfstream is acting as a reseller of water, and does not sell water to its customers for a profit, the water operations are exempt from Commission regulation pursuant to Section 367.022(8), Florida Statutes (F.S.). In October 2023, Gulfstream applied for a staff-assisted rate case (SARC). However, in June 2023 the Utility withdrew its application. This will be Gulfstream's first SARC before the Commission. According to the Utility's 2024 annual report, its operating revenues were \$132,236 and operating expenses were \$187,386.

Gulfstream has been in existence since 2005 and was granted an original certificate by the Commission in 2022.¹ On June 4, 2025, the Utility filed an application for a SARC and the official date of filing the SARC was established as July 18, 2025. Gulfstream's request for a SARC is due to capital improvements and additional pro forma expense to the wastewater system.

¹ Order No. PSC-2022-0246-PAA-SU, issued June 28, 2022, in Docket No. 20210191-SU, *In re: Application for certificate to provide wastewater service in Orange County by Gulfstream Utility LLC*.
